“Operator Training of Mobile Equipment for Material Handling” (Forklifts)

Objective: To qualify forklift operators to familiarize themselves with the correct operation of these equipments and the safety aspects, in order to anticipate accidents as well as to comply with the laws of the Ministry of Labor and Social Security with regard of the operators training of forklifts.

The duration of the training is between 8-12 hours depending on skill and knowledge operators.

Course Structure:

- Introductory talk
- Training Video
- Review of Manual and Agendas
 1. Introduction
 2. Know your forklifts
 3. Forklift Physics (balance and capacity)
 4. Pre-Shift Inspection
 5. Forklift Operation
 6. Forklift Security
 7. Maintenance
 8. Refill fuel
- Question and answer session
- Theory examination
- Workshop
- Practice examination

We will issue a record of training before the Secretary of Labor (**Form DC-3**) to operators that get satisfactory grades on both theory and practice examination.

We will issue a certificate of participation.

Requirement:

Hall with projector available
DVD (Recommended)
Forklifts for workshops
Area allocated for practical examination
Blackboard
